

Application No.: 10/809,984
Amendment Dated: February 15, 2006
Reply to Restriction Requirement dated December 15, 2005

Docket No.: 30521/3073

REMARKS

Claims 1-10 and 19-36 are pending in the application. Claims 11-18 are canceled by this amendment, without prejudice, in response to the Restriction Requirement as being drawn to a non-elected invention. The applicant reserves the right to present these and other claims in later filed applications.

By this response, the applicant amends the specification at paragraphs 17 and 21 to correct obvious typographical errors and to clarify the written description. No new matter is added, and entry of the amendments is solicited.

The applicant by this response hereby elects Invention I, claims 1-10 as set forth in the Restriction Requirement, without traverse. The applicant adds new claims 19-33, also directed to Invention I. Consideration and allowance of these claims is solicited.

In view of the above, each of the presently pending claims in this application is believed to be in immediate condition for allowance. Accordingly, the Examiner is respectfully requested to pass this application to issue.

Dated: February 15, 2006

Respectfully submitted,

By
